Dear Patient.

After careful consideration and 19 wonderful years with Pulmonary Associates, I have made the decision to retire. Providing the best care for my patients has always been my highest priority, and I have complete trust in the exceptional providers within our practice to continue delivering outstanding care.

My last day will be March 28th, 2025.

Thank you for the privilege of allowing me to be part of your care.

Sincerely,

Lynda Heaphy, NP
