October 7th, 2026

Dear Patients,

After 35 years of service to my patients, I have made the difficult decision to leave Pulmonary Associates and begin the next chapter of my professional journey. **My last day with Pulmonary Associates will be December 18, 2026.**

As I reflect on the past 35 years, I am incredibly grateful for each and every patient who has entrusted me with their care. You have each brought something meaningful to my career—the challenges that helped me grow and learn, the experiences we shared, and, most importantly, the relationships we built along the way.

It has truly been a privilege and a pleasure to care for you. I am thankful for the trust you placed in me and for the opportunity to have been a part of your healthcare journey.

While I will be leaving Pulmonary Associates, I do so knowing that you will be in very good hands. The physicians and providers at Pulmonary Associates will continue to be available for your pulmonary and sleep care and will work to ensure a smooth transition.

Thank you for allowing me the privilege of being your physician over these many years. I will always value the relationships and memories I have made and wish each of you continued health and happiness.

With sincere gratitude,

David Baratz, MD
